

This week in Hedgehogs...

Welcome to Hedgehogs weekly update about our learning.

We have continued with our topic 'All around the world'. We have been learning about where different fruit is from. We had some ideas on how to open a coconut and some of us tried the coconut water inside. It was not very tasty! Some of us thought that all fruit comes from the supermarket, so we have been looking at maps and learning how far some food has to travel before it ends up in our supermarkets. We have also been identifying and describing patterns. Some of us have made repeating patterns. We have also been working hard in phonics, practising previously taught sounds as well as 'p'.

WE LOVED OUR Grandparent morning and had great fun! Thank you to all the grandparents who visited.

Next week's learning:

Week beginning	10/02/20
Topic	Our topic is 'All around the world'.
Notices	After half term, bringing toys into nursery will not be allowed. We are finding that having toys from home causes a lot of conflict and anxiety for the children, even when they are put in the cupboard or going home box. If your child needs a transitional object to settle, please discuss this with staff.
