Monday 15th June 2020

Dear Parents and carers,

Following my letters sent out to parents/ carers last week, I wish to inform you that due to the increasing number of requests for space in the Keyworker group, we are now running two separate Keyworker groups/ bubbles of children.

This has meant that we have had to deploy additional staff to this priority group. The implications for wider opening of the school is that we will now not be able to welcome the nursery children back in to school.

I am sorry that we find ourselves in this position but we do not have another viable alternative course of action. If you do wish to speak with me or, if you are a keyworker and need a place in one of the groups – please email info@mersthamprimaryschool.org .

I fully understand that this will be a disappointment, but I do hope that you all understand that this decision has not been taken lightly.

Thank you again for your understanding and ongoing support.

Yours sincerely

Gavin Oulton
Headteacher, Merstham Primary School
